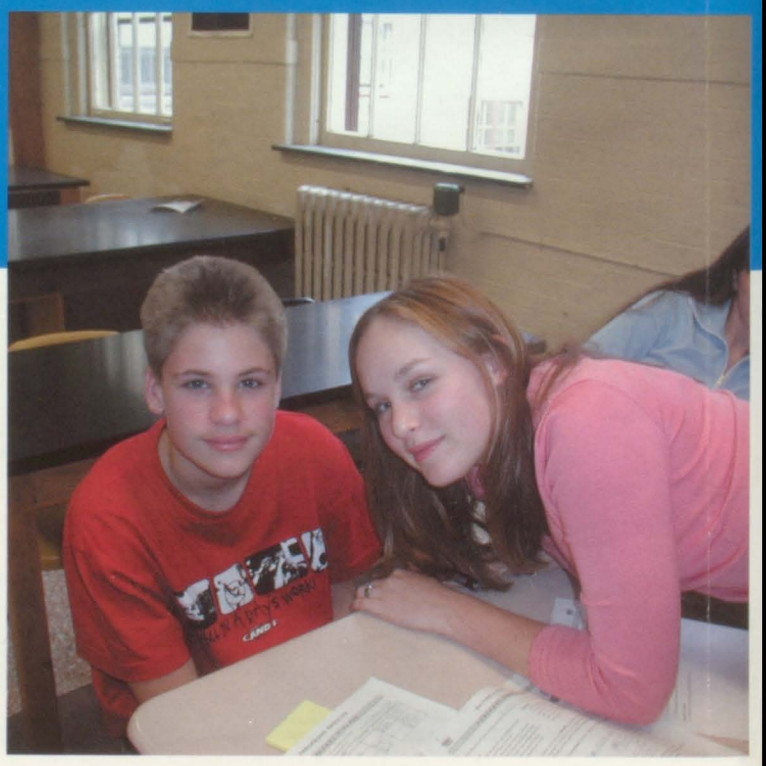
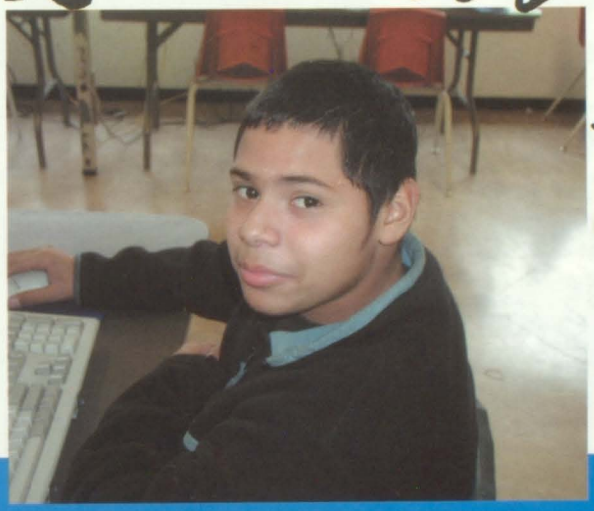
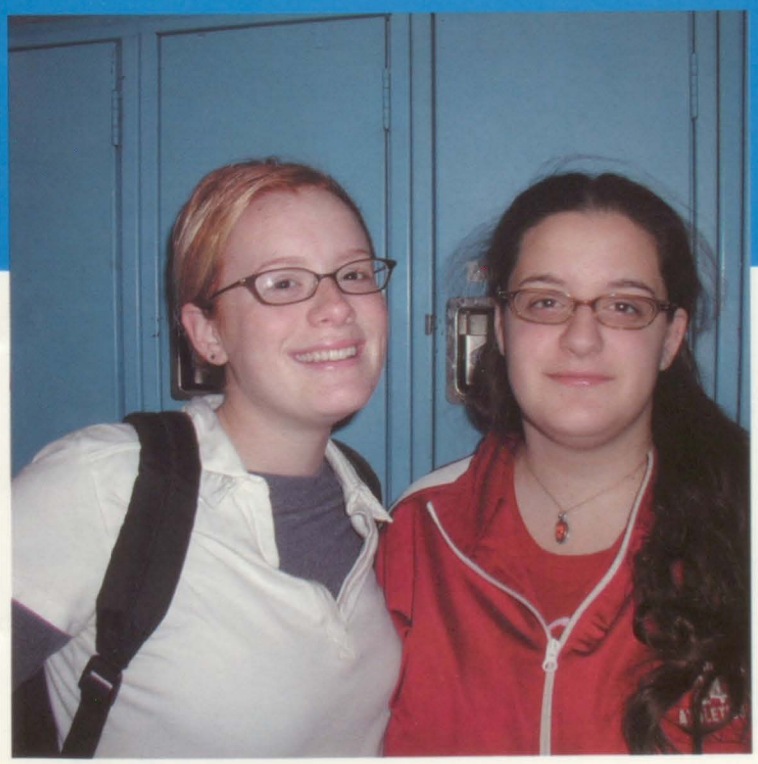
2003

I think back on these times



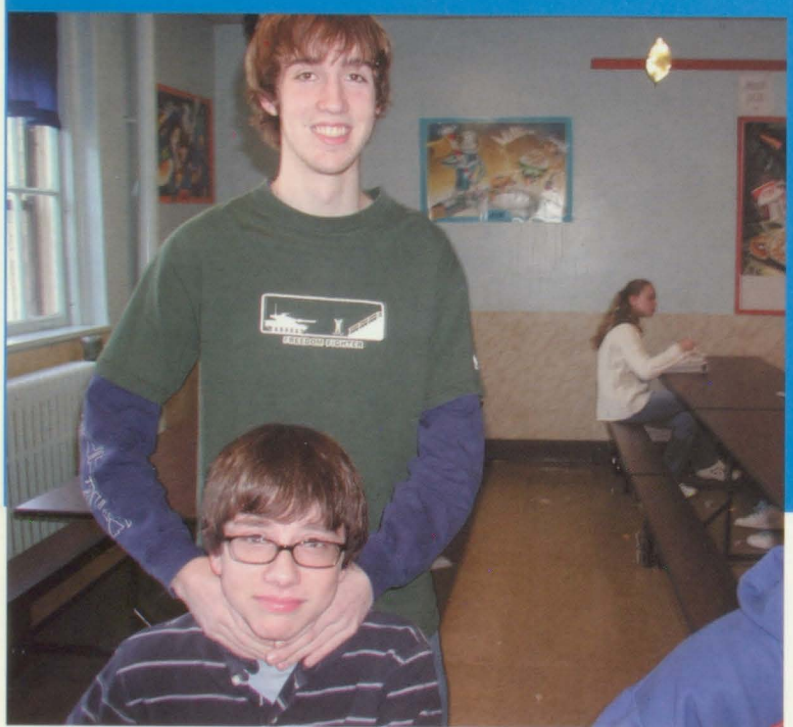
2003

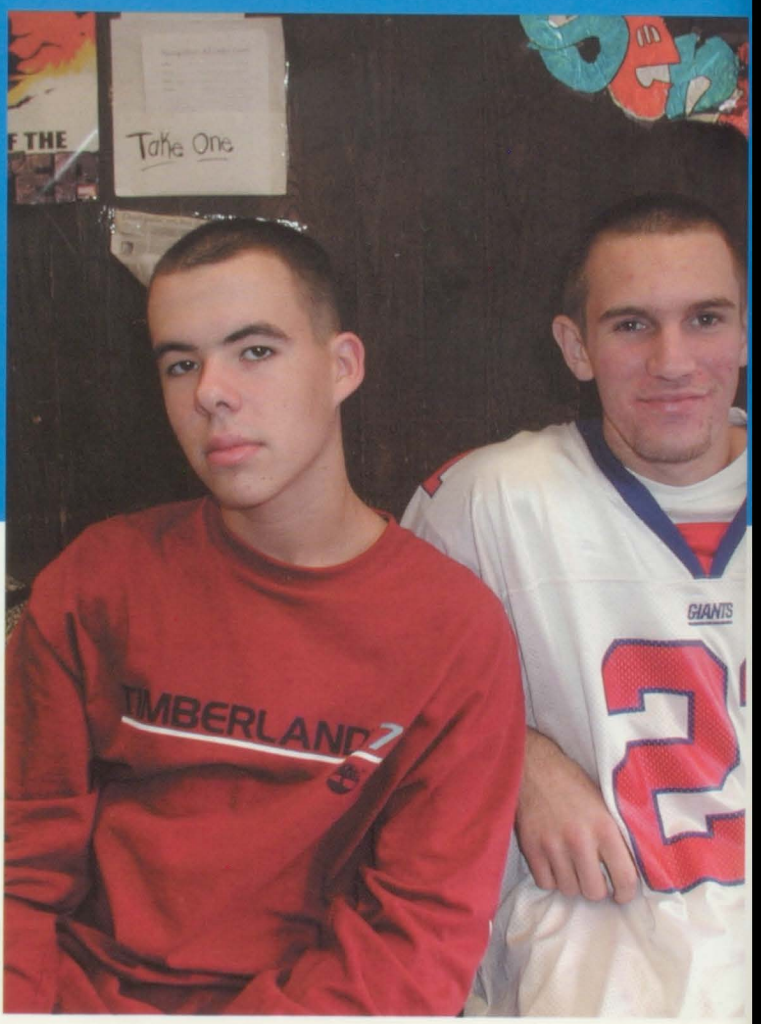


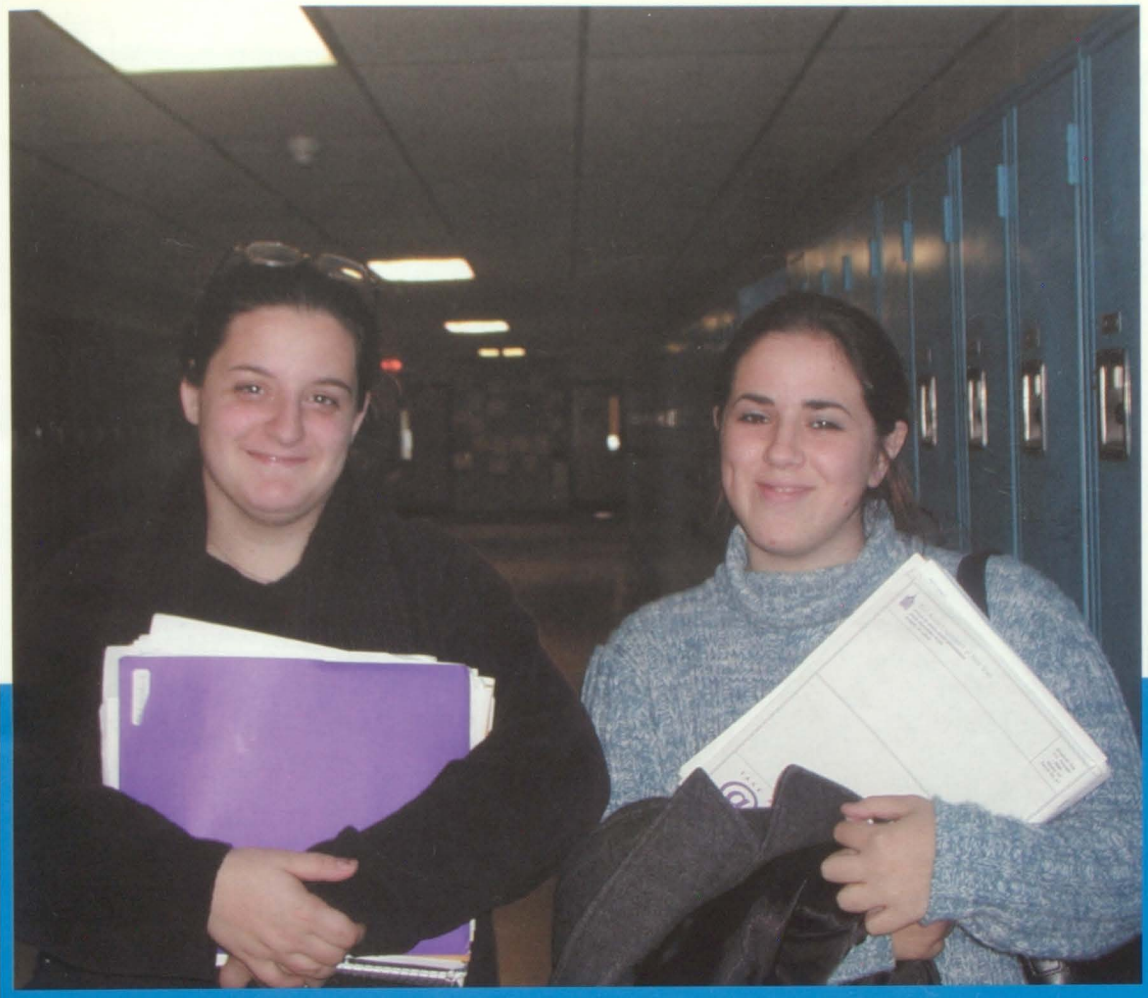


When we all bonded

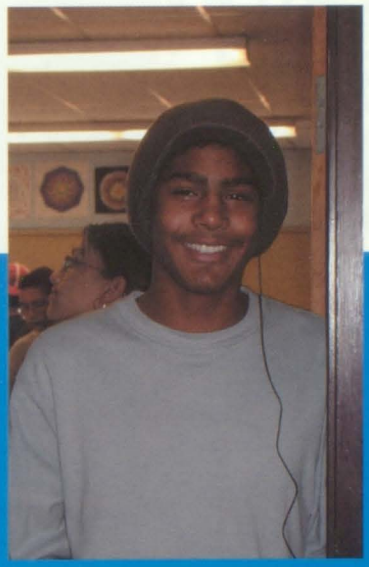
and shared one heart-beat.

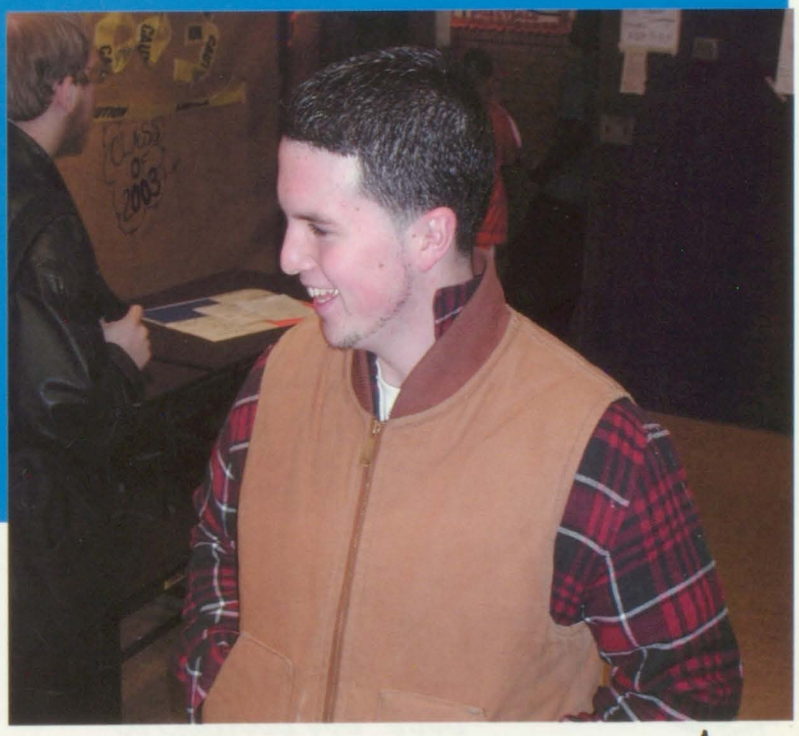






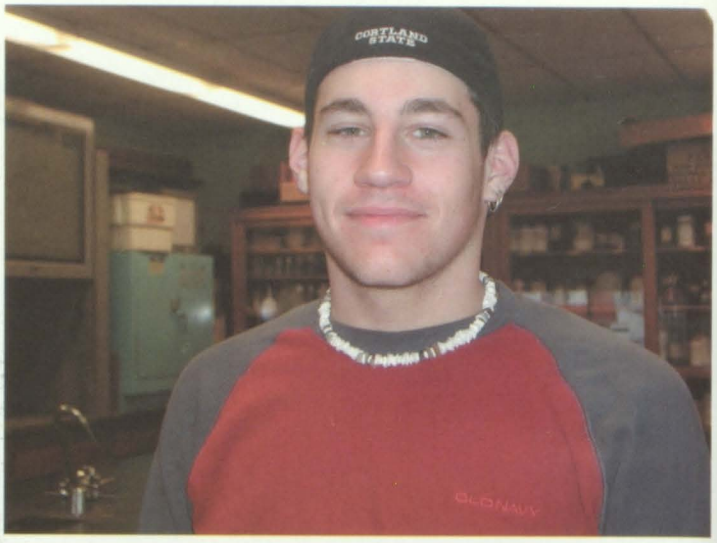
2003

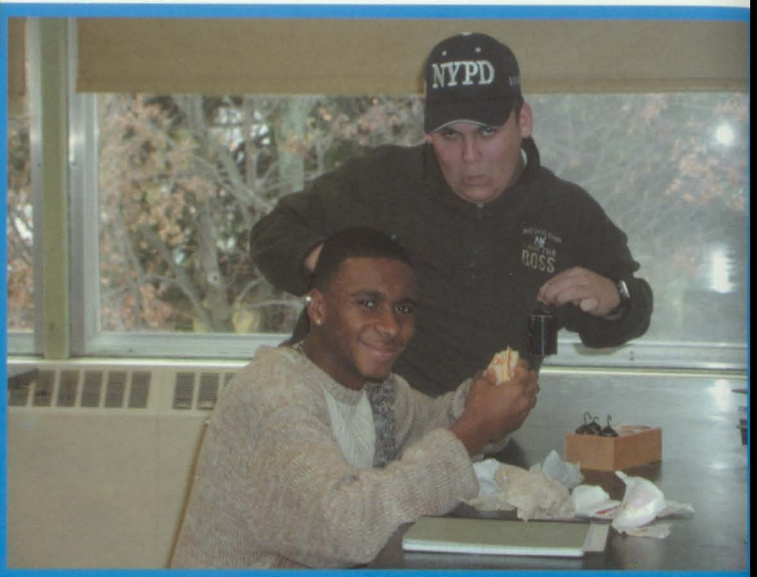




These times when our minds absorbed all,

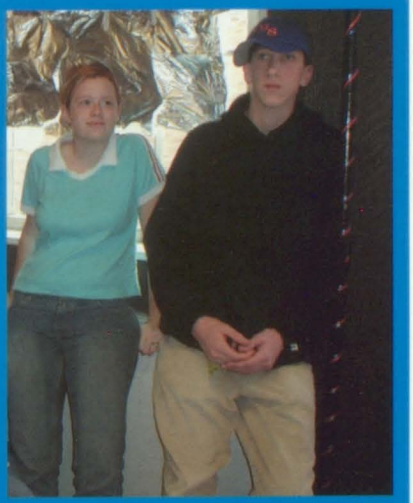
2003

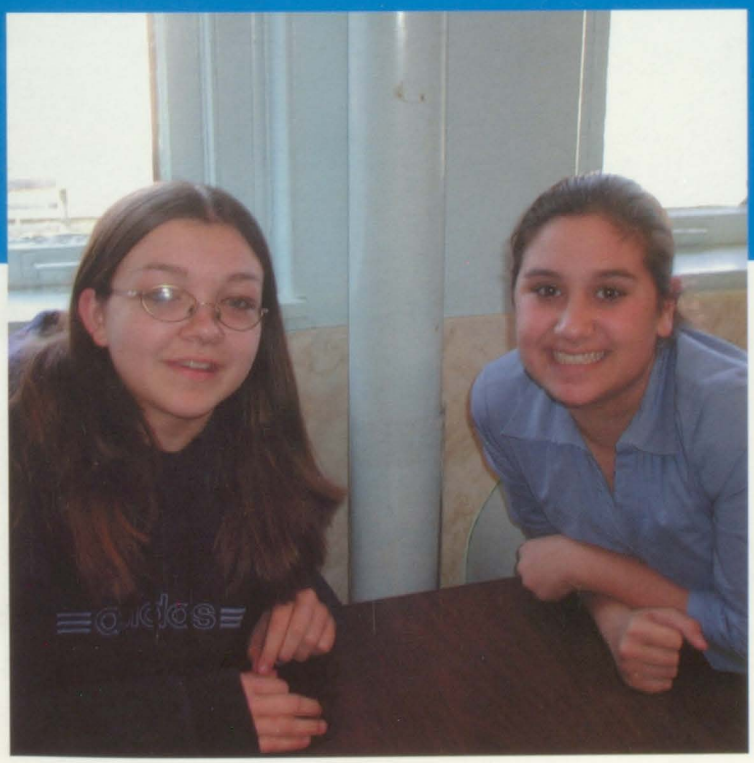




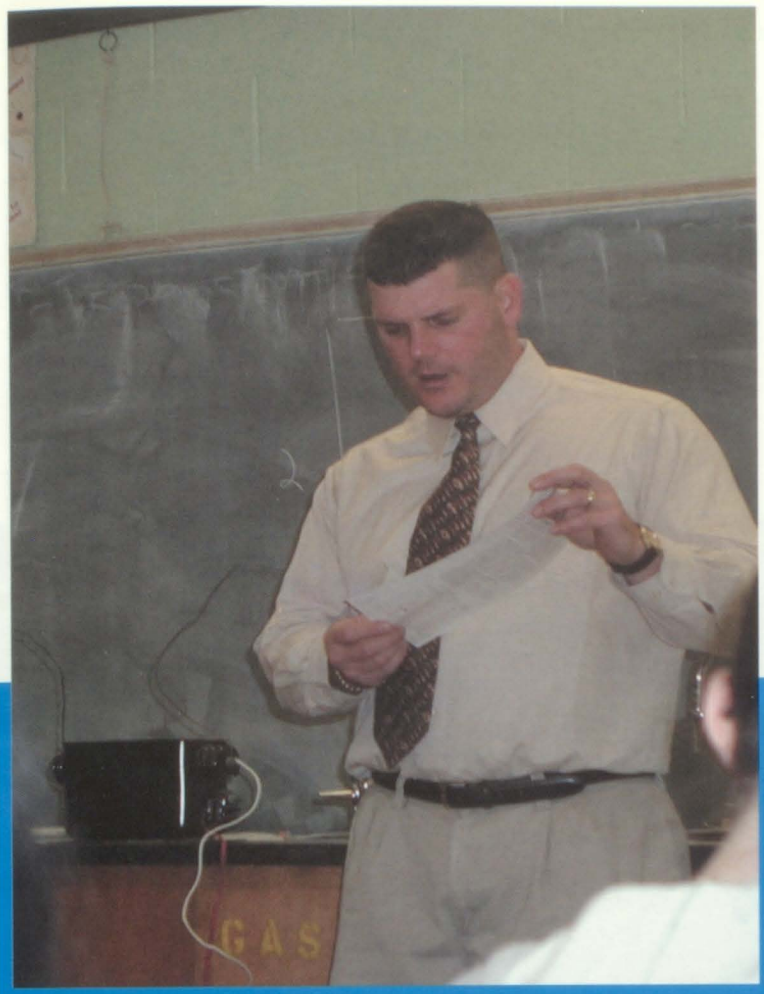
all available
to nurishment

We must cherish these percious moments



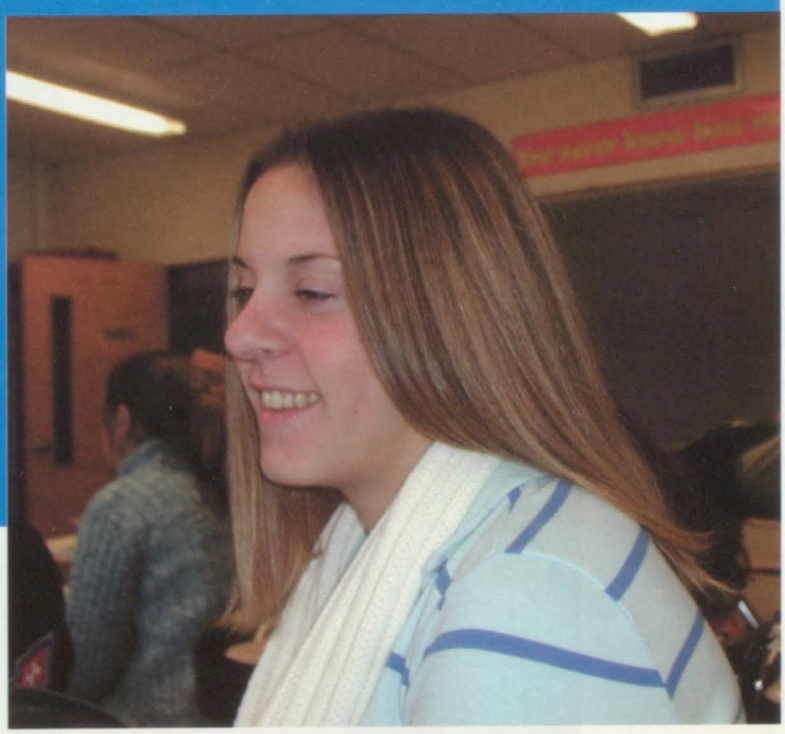


and live our dreams.

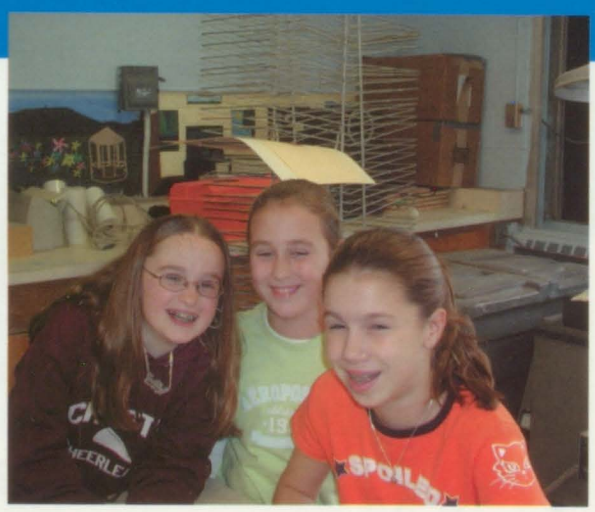


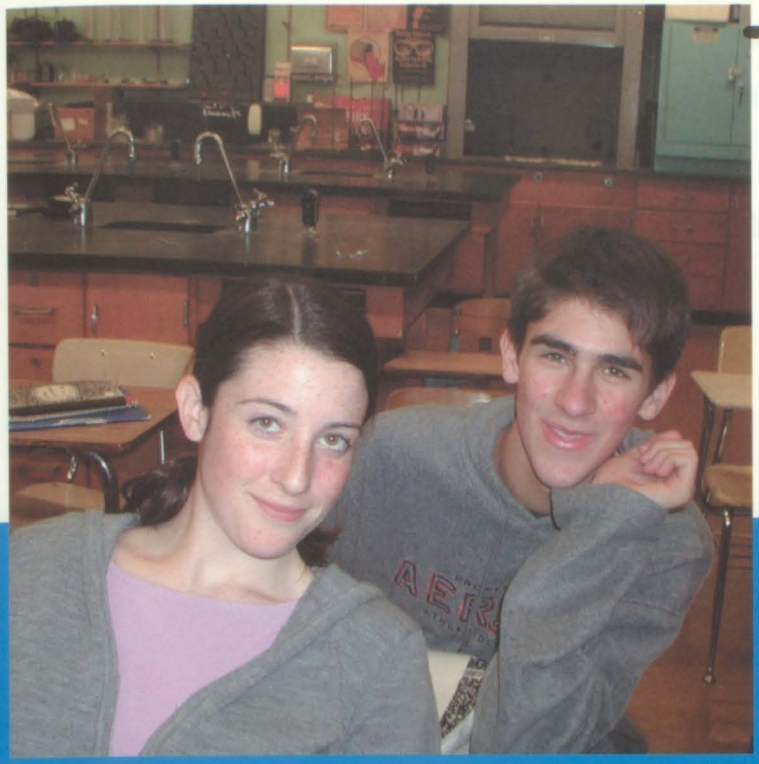
Never

forgetting,



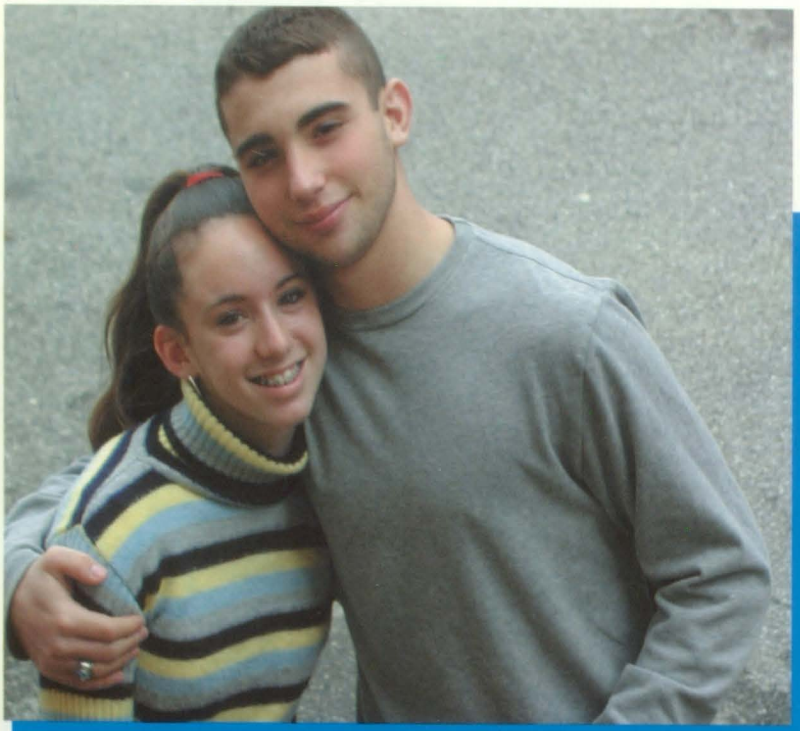
these days will mold our future.

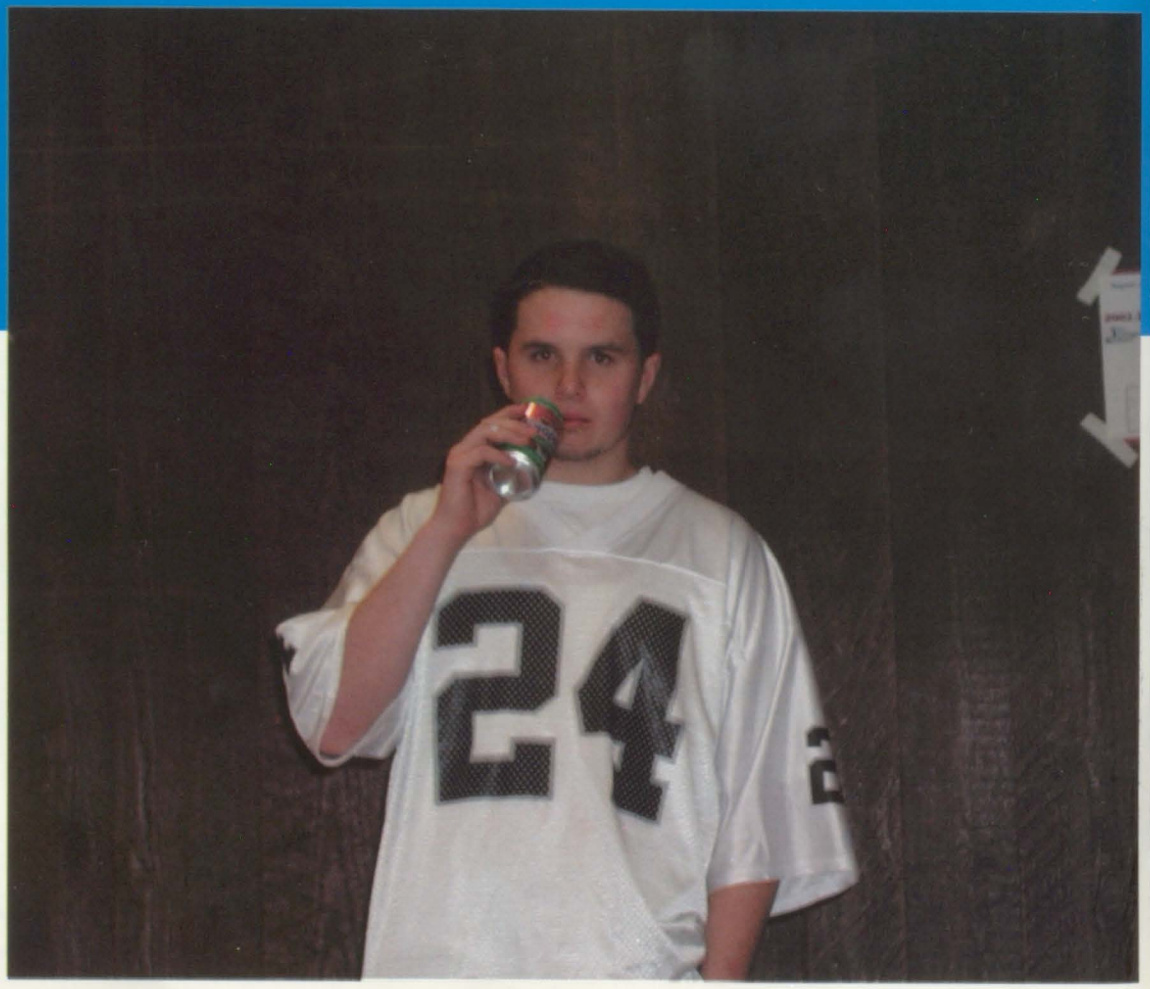




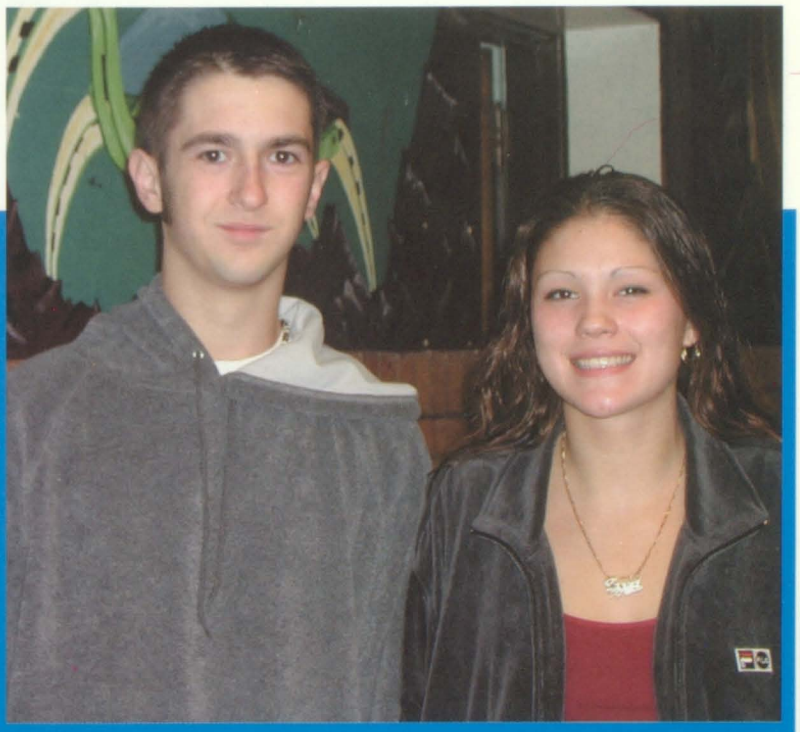
We search...

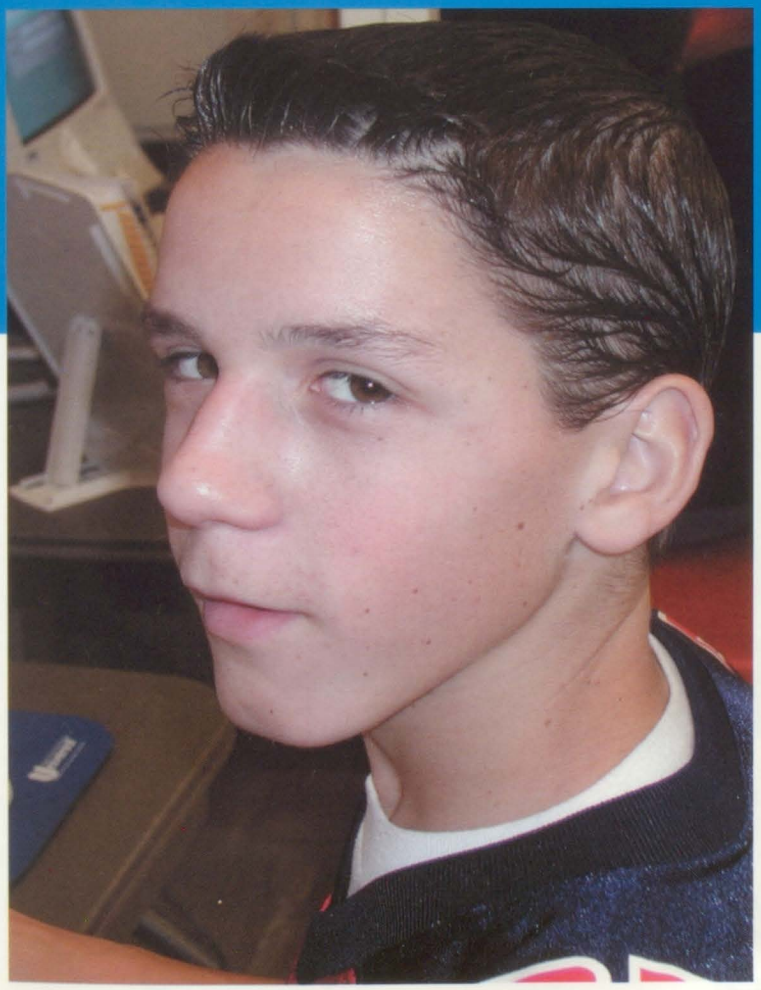
blindy into the future.

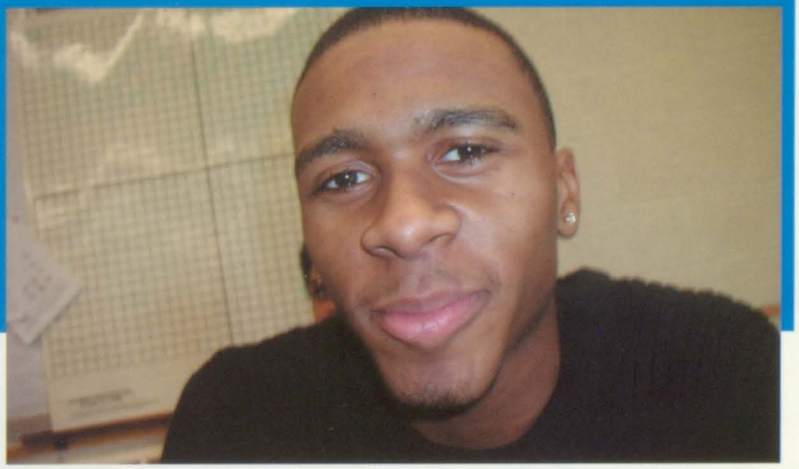




2003

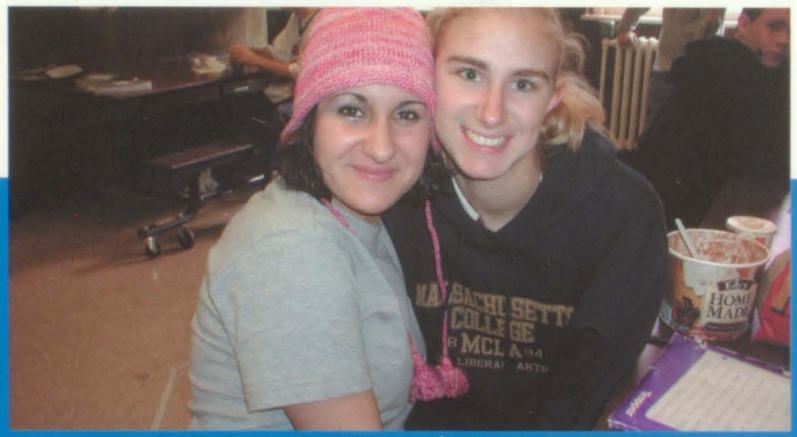


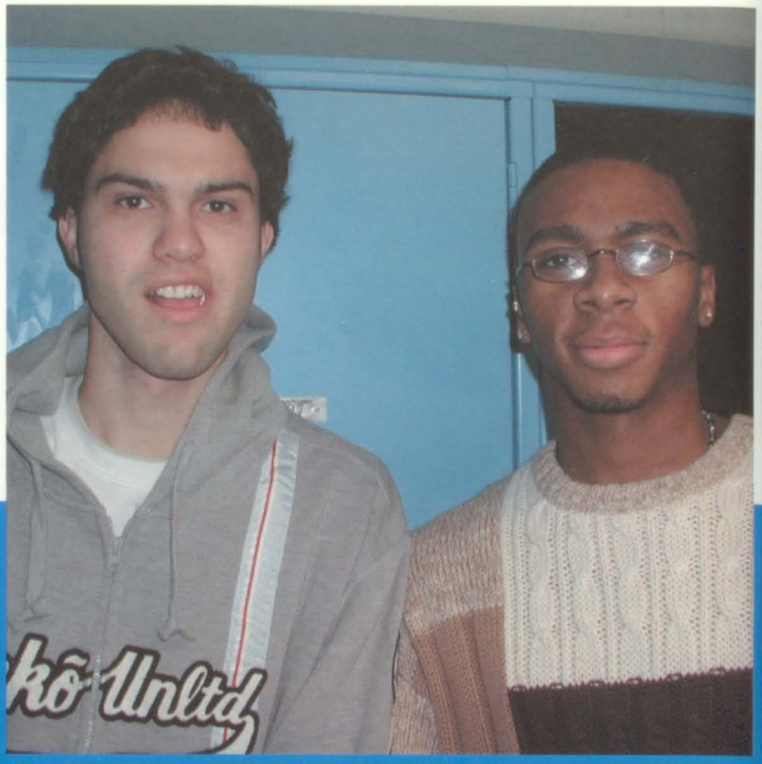


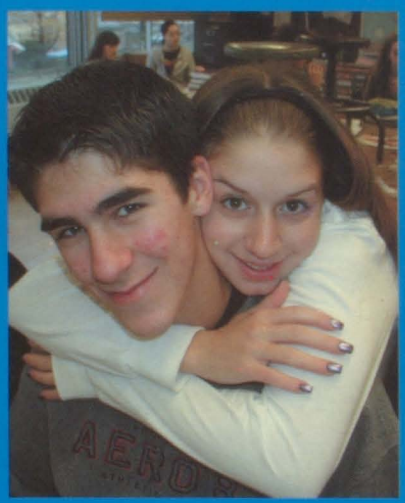


And yet...

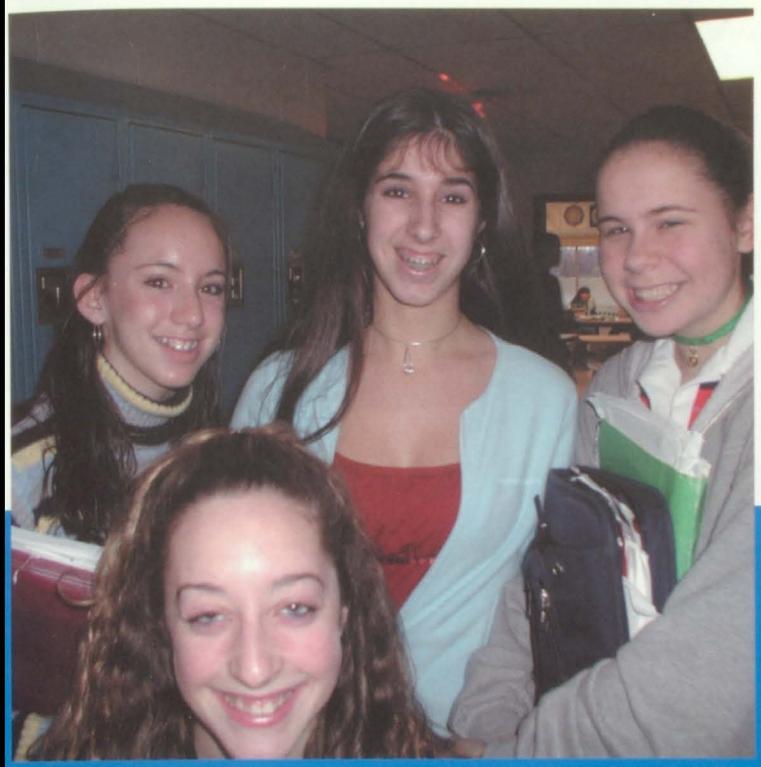
2003







we will always hold on to the past.



Remember forever!

Congratulations to the graduating class of 2003. As you begin life after high school, please continue to strive to do your best. The story of the rest of your life depends on how you write it. It can be great if you are willing to set your goals high and work to acheive them. Remember, it only cost a little bit more to go first class. While you are making that effort to be the best you can, remember to smile. We can't control what happens to us, but we can control how we respond to it. Choose to be happy and enjoy life as a quality person. I wish you all the best in your future. Make us proud!

Mike, Sean, Dennis, Colin, Dan, Chris, Mikey Dubs, MARTAN!, we all shared those brews and buds and we'll always be equal in that way. Not all of us are leavin just yet and I'll be back to see all of you again in the FAll. You were some of the best people who I have ever bothered to spend my time with. Wifey I'll always have my jingles for you to play with. I can't forget any of you, these were and probably will be the only memorable years of my life. It's all for you guys to keep this memory of the times that we have shared alive. Many of you have saved me from so much (in anyway possible) and for that i'm so thankful but, no man alive will ever hold more in my heart than Berger for that one

Great Escape.

PEACE...

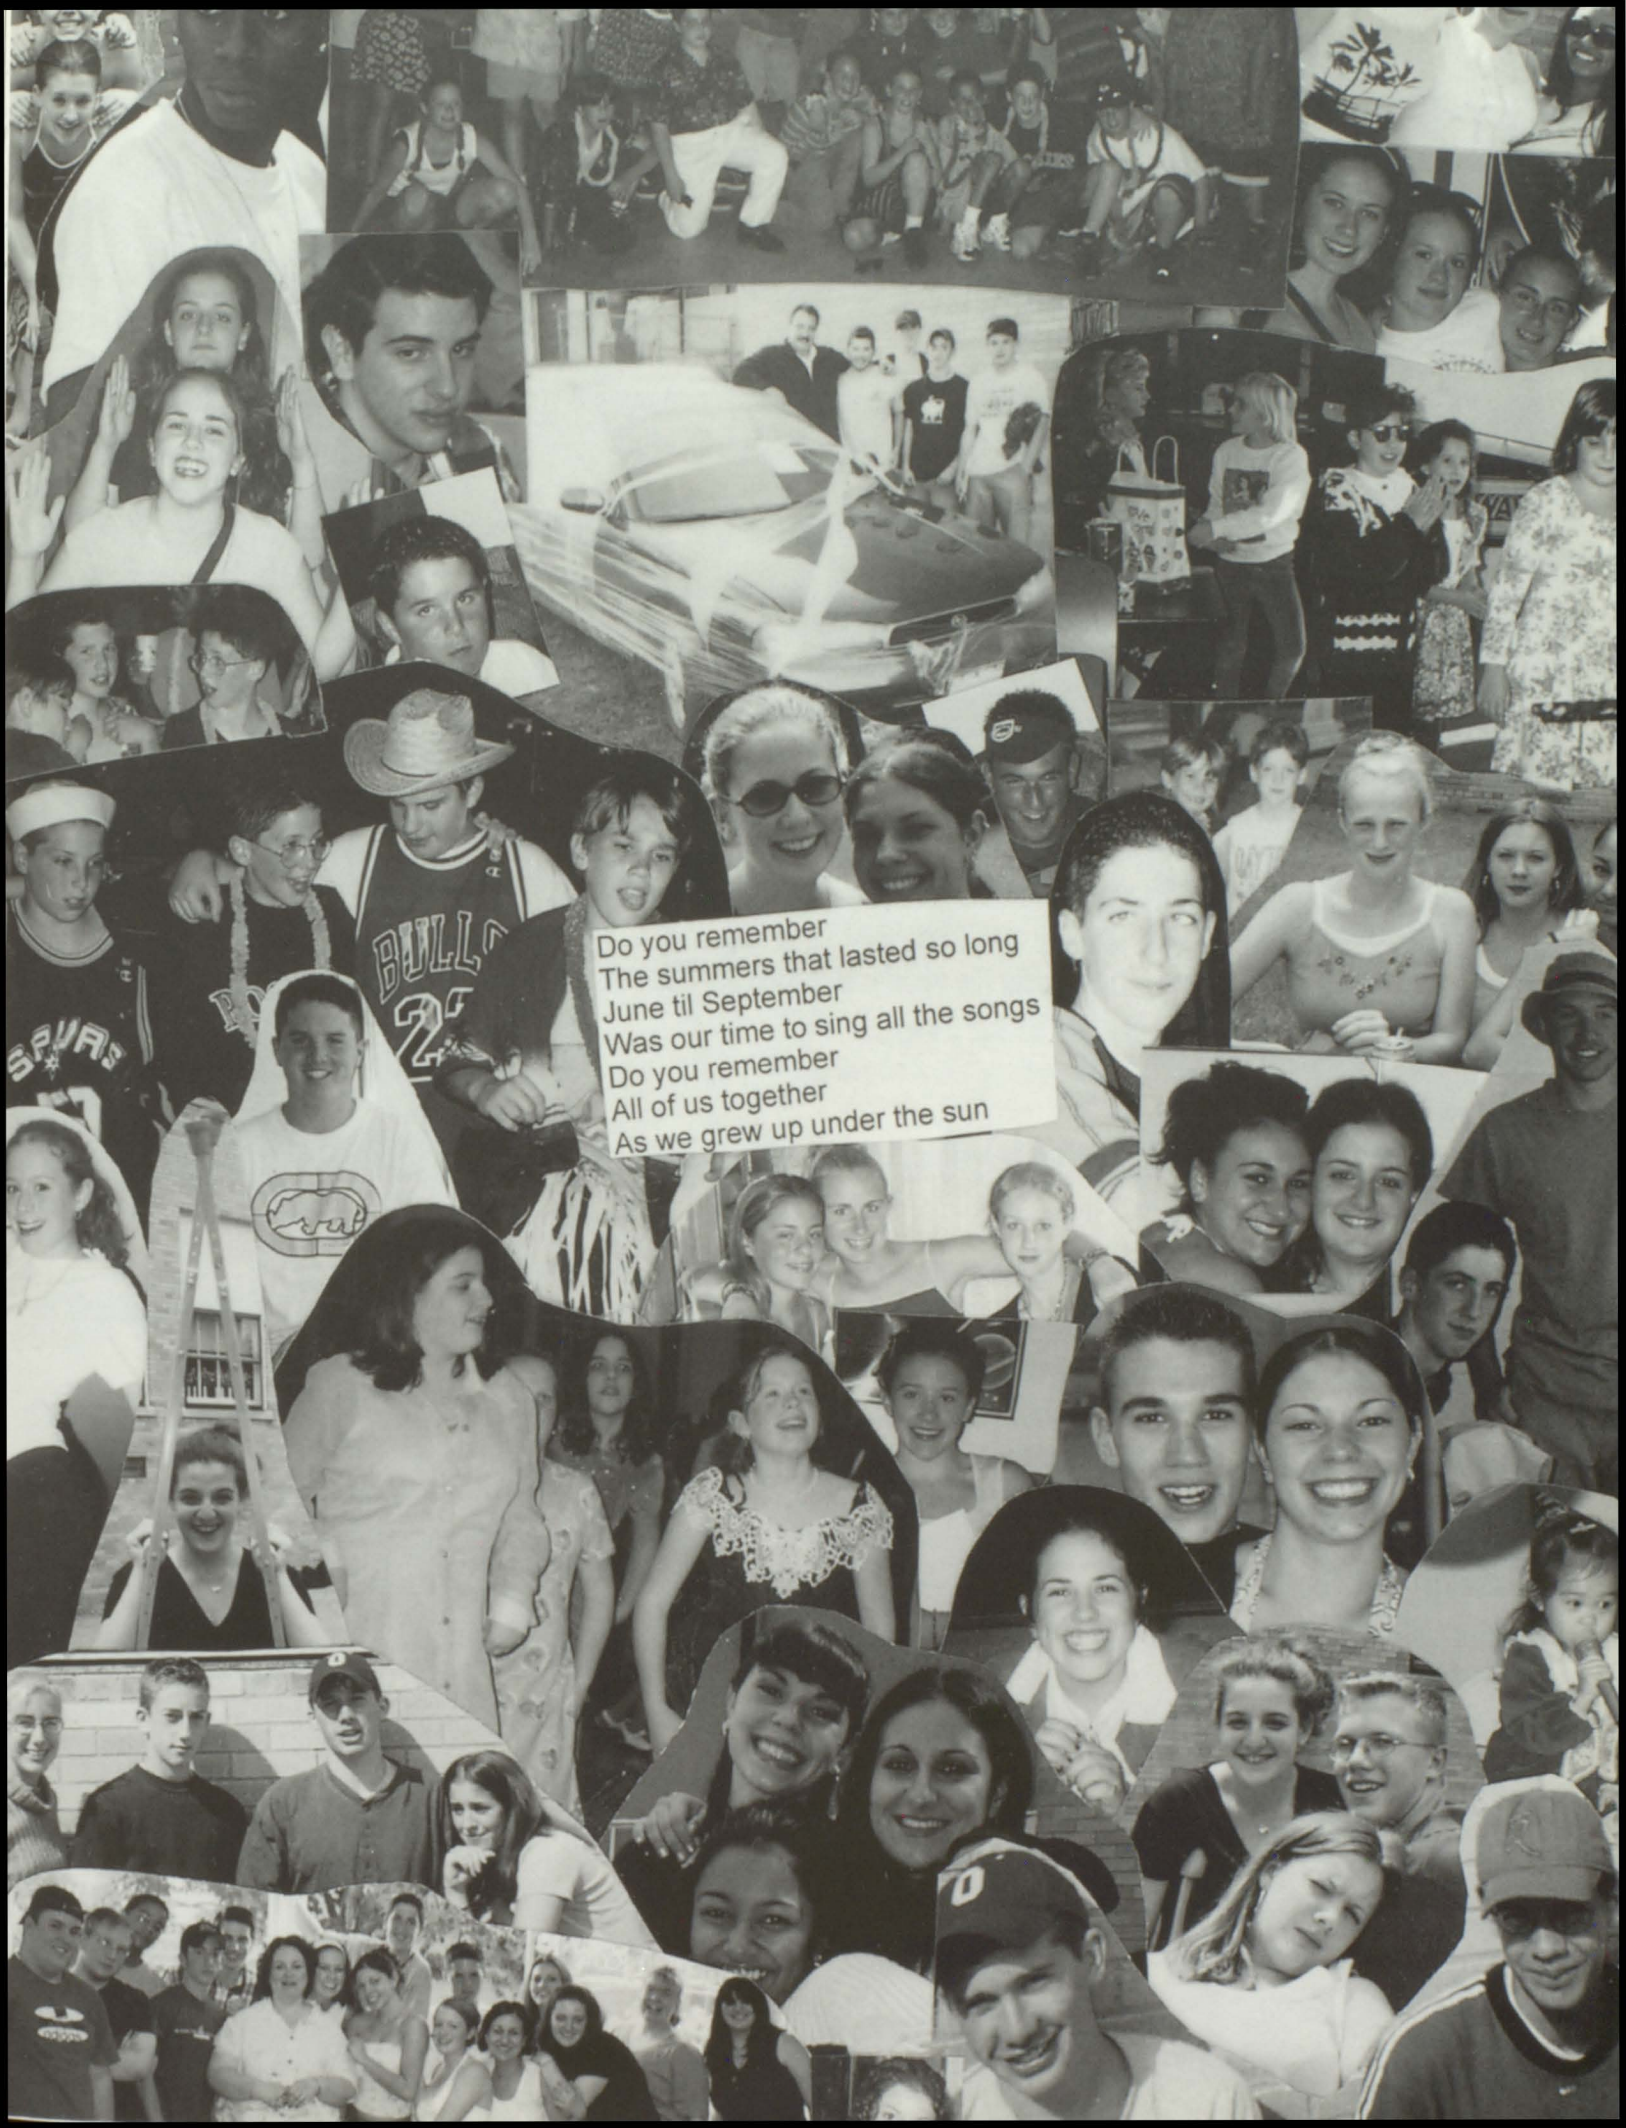
Another turning point a fork stuck in the road. Time grabs you by the wrist directs you where to go. So take those photographs, and still frames in your mind, hang them on a shelf in good health and good time. Make the best of this test and don't ask why. It's not a question, but a lesson learned in time. For what it's worth, it was worth all the while. It's something unpredictable, but in the end it's right. I hope you had the time of your life.



Do you remember
The summers that lasted so long
June til September
Was our time to sing all the songs
Do you remember
All of us together
As we grew up under the sun

To my Chrissy,
It's hard to believe my "baby girl" is graduating already. It seems like just yesterday that you were born. I had never felt such complete love and joy until you came into my life. I know school felt like such a struggle at times, but as I always said, "you can do it," and now you have. You can do ANYTHING you put your mind to. You are a strong, smart, kind, caring, and beautiful lady. Remember, Mommy will always be here for you. I love you more than you'll ever know, and I am EXTREMELY proud of you. Daddy and I wish you all the happiness you deserve.

Love,
Mom

May you accomplish every goal and conquer every challenge life has in store for you. I know anything is with in your grasp if you just want it badly enough and put your mind to it.

You have turned into a very successful and determined young woman. You are a person anyone would be proud to call their daugther, which is an understatment in my eyes because it goes way beyond being proud.

Here's wishing and hoping each and every one of your dreams will come true. Remember the sky's the limit; reach for the stars. Never see anything as impossible; just a little harder to achieve. Take on the rest of your journey with the same gusto that has brought you this far and I'm sure you'll live a happy and fulfilling life.

Love,

Mom, Dad, and Nannie

Congratulations to our dear son Kyle,
You light up our lives with every smile.
From play dates with Brett, to All-Stars to prom,
We're so proud to be your Dad and Mom.

Even as a tiny child, you brightened our days
With your gentle manner and quiet ways.
Whether scoring a goal or hitting a home run,
Watching all those games was always great fun!
It was always our pleasure to watch you play-
But to hear you say: "Thanks for coming,"
Meant more to us than we can ever say...

So know that we love you and have always been proud,
You've always been the one to lead the crowd.
We have no doubt you'll be a success,
'Cause Kyle---We know that You Are The Best!

With All Our Love,
Mom, Dad, Kerri, and Cody

<u>WE'LL ALWAYS BE HERE FOR YOU!</u>

jessica

We just can't believe that you are graduating high school. These 17 years have passed by way too fast. The thought of you leaving is hard for us, but we know you have to go. You have so many exciting things to do and see, and so many people to meet. You have so much to give to the world!

We have enjoyed everything . . .every minute. . .looking back we would not change a thing. Well, maybe giving away your Care Bear!

Kindergarten graduation, putting you on the school bus, getting your ears pierced, watching you march in parades, "Sweet 16 Party," learning how to drive, prom shopping. . .yes, we will even miss hardly being able to open the door to your room because of all the clothes on the floor! We'll miss hearing you scream every time you see a bee, we will miss it all, Jess.

Right from day one, you have been a joy to us. You have always made us proud of you- not only because of how well you have always done in school, but by becoming the absolutely wonderful person that you are. You have had a positive influence on Andrew . . .the jury is still out on how we could be so lucky to have a daughter like you!

We love you, and wish the very best for you. Wherever you go in this world (except Italy that's a trip for you and me), always remember that you have a home to come back to, and a family that loves you.

Love,
Mom, Dad, and Andrew

"Do what you must do, and do it well." Bob Dylan

Nicole,

Songwriter Annabel Lamb once said, "Into each life a little rain must fall." Through the years we have had our share of rain, but you have always been the ray of sunshine to keep us going. The skies are clear now and we see nothing but sunshine and blue skies ahead.

We are proud of all your accomplishments and know you will be successful no matter what path you choose.

Remember to always reach for the stars and don't worry about falling. We'll be there to catch you!

Love,
Dad and Beth

Good luck in the future! We love you!

Dearest Michael

God gave to us a "little boy,"
one special day in May,
you were placed into our arms,
for us to lead your way.

The love we had inside for you,
right from the very start,
had grown so much, that now
it completely fills our hearts.

We've watched you leave for kindergarten,
you tried to be so strong,
until that time we never knew,
that a day could be so long.

We've seen you play in Little League,
and then in baseball too,
we would always cheer you on,
and be so proud of you!

Then you were on to soccer,
and played with heart and soul,
and each game we would cheer for you,
praying, "let him score a goal."

Remember when you broke your arm?
thanks to Sassy and that cat!
she pulled you down our driveway,
and that is where you sat.

Remember, too, Dad's driving lessons?
first the jeep, and then the truck,
there were a few tense moments,
but you always seemed to have luck.

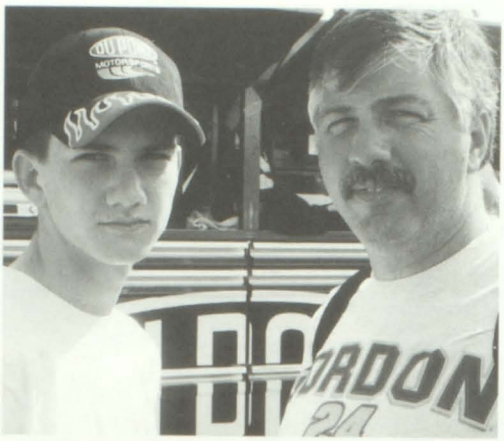
We've had so much laughter,
we've had our share of tears,
but we wouldn't change a single thing,
or give back any of the years.

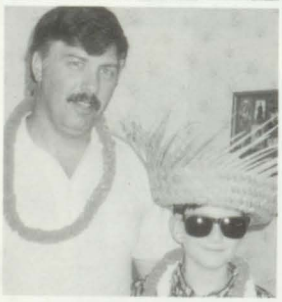
We've seen you be a baseball "pro"
and then a soccer "star,"
we've seen you drive a tractor,
and then a truck and car.

We've seen you work your "magic,"
on a blank computer screen,
we've seen you be a "little boy,"
and then become a teen.

We see you stand before us,
and now we understand,
that God has turned our "little boy,"
into a fine young man.

So, please remember, Michael,
as you open each new door,
we are never far behind you,
and we couldn't love you more.





We love you and are so proud of you!

Love,

Mom, Dad, Becky,
Sassy, Ginger and
Monster

Star From Heaven

It's hard to believe that seventeen years have passed since I first learned of you. The doctor said that you might never be born, but I knew that God would never give me such a precious gift and then take it away from me. I always believed in you, even before you were born. I kept the faith that you would be born and grow up to be a brilliant star from heaven, and that you are. Emanuel means "God with you." God will always walk with you. Parents have all kinds of dreams, hopes, and expectations for their infants, and then their child is born with their own mind, will, and spirit. There go all your dreams, and you hope for the best. Now you cross your fingers and pray that this human:

Is kind to himself as well as to others
Is honest with himself as well as to others
Is loving to himself as well as others
Uses good judgement, common sense, and is intelligent.

For these are the tools that will get you through life. You, my brilliant star, not only meet these qualities, but you exceed them. Now you begin a new phase in your life. Take these tools and fly with them. You may at times land hard and, at times, fall. Always remember that you have what it takes to make it, but if you should fall, I will always be there to help you start over.

Love you with all my heart,
Your mom

CLORINDA

To Our Beautiful Daughter,

Blessed is the best way to describe what having you as our child has been like. Right now as you sleep so peacefully, I'm sitting here in the early morning, content knowing just what a fine young woman you have become. You are a true joy and a constant source of love for us.

Peachie, Mommy and Daddy have always hoped that you would become an independent, loving and strong individual. But let me tell you honey, you have surpassed our dreams. And now we have the pleasure of watching your life begin- A life filled with your own Hopes and Dreams. We are so proud of you sweetheart. Know that this new journey will be better than any book you've ever read, (and there have been soooo many.) You will define the story. From beginning to end, this is your chance to live the great novel. I can't tell you how excited we are for you- but most important- how loved you really are.

So, here's the start of your fantastic journey!

Much Love Always,

Mommy, Daddy, Erica and Emily Ann

There are places I remember all my life, though some have changed, some forever, not for better. Some have gone and some remain. All these places have their moments of lovers and friends. I still can recall. Some are dead and some are living. In my life I loved them all. And with all these friends and lovers there is no one that compares with you, and these meomries lose their meaning when I think of love as something new. And I know I will never lose affection for people and things that went before. I know I'll often stop and think about them. In my life I loved you more.
